

Lesson Plan

Eating

- Read chapter 8 of *Beginning Tlingit* and/or chapter 9 of the workbook.
- Listen to the video from an Sháax' Sáani regarding Lingít Kusteeyí
 - Try listening and watching with the subtitles off first, and try and pick out what you recognize just by listening.
- Review some eating vocab using the quizlet (you may want to also keep using the quizlet from last week as many eating verbs are included there as well).
 - Now that you are more familiar with some verbs & how to change them for person, what can you talk about now when talking about food and eating?
- Keep up the sound practice!
