

Lesson Plan

Cultural Units

- Read through chapter 9 of the *Beginning Tlingit* book (pg 199).
 - Again, notice the patterns of the verbs and how they change and stay the same from 1st, 2nd, and 3rd person.
 - Look at the topics that are included in the chapter. Is there an activity you already do (hunting, sewing, shopping) that you can transition to doing in Lingít? What about your shopping list, can you create a shopping list using only Lingít words?
 - Focus especially on the home chores section. Practice talking about washing dishes, even if it's just with yourself, or with your family.
- Test yourself using the Quizlet
- Give yourself or someone you're at home with a guided tour of your own home in Lingít, using your labels from the homework.
- Do homework #7
- Keep practicing those sounds, especially the tricky ones!
