

## Lesson Plan

---

### Verbs Verbs Verbs

- Read chapter 7 of *Beginning Tlingit* and/or chapter 8 of the workbook.
  - Think about the patterns being shown as the verb changes pronouns. How comfortable are you with predicting what the verb will look like in first, second, or third person?
- Try out the worksheet
  - Don't worry if you can't get too far, but do take a look at the patterns and how the verbs change
  - The worksheet is from a session in the Yukon (Teslin), so that's the dialect represented.
- Test yourself using the quizlets for this week
  - How comfortable are you with verbs in the perfective (past) and future forms?
- Check out the slideshow from the beginning of this term on building verbs (in the lecture folder).
- Check out the youtube video from X'unei on Tlingit verbs and how they're built.
  - Don't stress if it seems like a lot. Right now just be thinking about patterns.
- Keep up the sound practice!
